MILANO, 2024

CURRICULAR INTERNSHIP — GRAPHIC DESIGN

The communication team is looking for a candidate for an internship lasting 4-6 months. The internship will be held on-site at BASE Milano (Via Bergognone, 34).

The ideal candidate is creative, open to listening and teamwork, curious, passionate, and precise.

Role

The candidate will collaborate closely with the communication team and the Communication & Graphic Designer to create graphic assets that visually narrate BASE's productions, initiatives, and editorial content. While digital content will be the main focus, the internship will also involve addressing the communication needs of various media and formats, from print to setups.

Learning Objectives

- Manage deadlines and deliverables independently.
- Enhance autonomy in developing a coordinated visual identity, proposing creative and consistent ideas aligned with the brand's renewed identity.
- Encourage proactivity and the creation of content suitable for social media campaigns developed within the communication team.

Requirements

- Academic background in Graphic Design or a related field
- Excellent graphic design and layout skills
- Proficient in the Adobe Creative Suite; experience with Canva and the Microsoft Office suite is appreciated.

BASE Milano

BASE Milano is a multi-functional cultural center serving the city, born from the regeneration of the former Ansaldo industrial spaces in the Tortona district. It's a creative hub with an international atmosphere and a community driving social innovation and cultural exchange across art, business, welfare, and education.

Here, research, experimentation, and social design activities coexist with the production and co-production of cultural and entertainment initiatives, including artistic residencies, design and art festivals, music events, and a public program that opens the space 365 days a year. BASE Milano is a creative, stimulating work environment that fosters both professional and personal growth for each individual.
